

How to Donate

We are grateful for any donation to the hospice as it all goes towards paying for the care required by our patients. We accept donations either regularly or as a one off, on line, by post and by phone

The majority of the cost involved in providing the Charity's free specialist care at our Hospices and through our network of community nurses is met by donations such as yours – so you will see just how important that is to us and the wellbeing of St Margaret's.

Every donation enables us to carry on delivering our care; each donation has an impact on our ability to continue providing the highest standards of care for our patients and giving support to their families and carers.

You can donate regularly, or as a single donation, by post, by phone or online:

Regular Giving - a regular gift by setting up a [Direct Debit](#) allows us to plan ahead more effectively, knowing that we have funds coming in each month to help support our services. Even just £5 a month can make a huge difference to our patients, their families and carers.

Single donation by post – please print off a [Single Donation Form](#) and post it to the Fundraising Office at the address on the form. Please do not send cash through the post.

Single Donation by telephone – if you would like to make a debit or credit card donation, please ring the Fundraising Office on 0845 345 9671

To donate online in memory of someone please visit our [Tribute Giving page](#).

[Donate on-line](#)

All our on-line transactions are currently undertaken through Justgiving, a special charity partner who processes your donation securely for us.

[Collection and small change boxes](#)

Last year the charity raised awareness and a tidy sum from collection boxes and loose change pyramids. If you would like to help us by taking one of these boxes we can make it very simple for you.

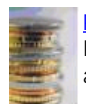

[Join Our Prize Draw](#)

With £2,000 prizes to be won in our Weekly Prize Draw our members have a real chance of winning as well as supporting this local hospice. A true win – win situation!

[Leaving a Legacy](#)

A gift in your Will helps us to carry on providing our specialist care to those with a life-limiting condition and enables them to make every day count.

[Payroll Giving](#)

Donating regularly through payroll is one of the most flexible and hassle-free ways for you and your colleagues to engage in charitable giving, allowing you to make regular, tax-efficient donations directly from your gross salary.

[Why give regularly?](#)

By setting up a Direct Debit through your bank, it helps us to plan ahead more effectively.

[Recycle to raise money](#)

Did you know that in the UK alone over 2 million printer cartridges are disposed of in landfill sites and 15 million unwanted mobiles are similarly discarded? Reverse that trend and help us raise money!
