

## Community Fundraising

Your local Community Fundraiser is available to offer advice about events, give free presentations about the work of the hospice and support the volunteer fundraising groups.

North Somerset, Mendip:

Sue Medicott

## Hospice Presentations

Would you like someone to give a free talk or presentation to your school, community group, or club? We may even be able to help if a speaker has cancelled at short notice.

We can give a talk during the day, the evening or at weekends about the work of the hospice including:

- About St Margaret's
- The care we offer
- The In-Patient Unit
- The Day Centre
- The community nurses at work throughout Somerset
- Hospice at Home
- The support provided to patients and their families
- St Margaret's in Taunton and St Margaret's in Yeovil
- How we raise the vital funds to support this work and how you can help us to achieve this

All our talks are free and we can also bring along a selection of hospice goods.

If you would like to book a St Margaret's presentation please download and complete a [Speaker Booking Form](#).

Alternatively you can contact the Community Fundraiser for your area or the Fundraising Office, who can also provide you with further information about this free service.
