

Corporate Partnerships

Corporate Partnerships allow you to get more involved in supporting St Margaret's Somerset Hospice.

When choosing a charity partner, companies often do so because of shared organisational values. St. Margaret's believes in providing the highest quality service and continually strives for excellence - we make no apologies for our ambitions for our patients and their families.

Are you like us?

We are your biggest local charity and last year.....

- ◆ We cared for terminally ill patients and their carers on 38,000+ occasions throughout the county
- ◆ Our hospice at home service gave 13,734 hours of support to patients and carers in their own home.
- ◆ 3,120 daycare places were provided.
- ◆ 1,728 patients were supported by our nurses in the two district hospitals.
- ◆ We had 1,206 new patients registered with our community nurses.

If you would like to know more about setting up a Corporate Partnership with St Margaret's Somerset Hospice please contact our Corporate Fundraiser Teresa Wort on 01823 365615, or send her an [e-mail](#).
