

## Support for FREE

Working with St. Margaret's Somerset Hospice need not cost your organisation a penny. There are many ways to support St. Margaret's for FREE.

### [Become a Recycling Donor](#)

Send us your used printer, photocopier or fax machine ink cartridges and your old mobile phones (and your staff's). It costs you nothing and helps both the hospice and the environment.

### Collecting Used Stamps

Used postage stamps can make money. Last year we raised £5,000 through donations of postage stamps.

### Ordering Company Christmas Cards

Select from our range of Christmas cards - it helps spread awareness and demonstrates your support at a giving time. [Register now](#) by e-mailing our fundraising office and we will send you our catalogue as soon as it arrives.

### [Payroll Giving](#)

Promote payroll giving - the easy and tax effective way for your staff to donate. Every £1 pledged costs the donor only 78p!

### [Charity of the year](#)

Adopt St. Margaret's as your charity of the year and encourage staff to help at our events. This is good for staff motivation and for your company profile.

### Space

Donate space on your notice boards and counters to promote our events and appeals.

### Fundraising

Run a fundraising event as part of your own product or service promotion, or donate a small % of your sales on a product line. We can also advertise the event on our website for you - [click here](#) to see examples of our event listings.

### Corporate Events

We have 100s of ideas, but the best are those that come from your staff!

### Gifts in Kind

Donate a product that you produce or sell, or a service you provide, to be used by the Hospice or to assist our fundraising.

### Advertising

Allow us to advertise on your lorries/vans or give us space in your company in-house magazines.

---

We would welcome the chance to talk to you about our many ideas and how, by working together, we can not only support the local community with our specialised service, but can also demonstrate to your employees, customers and investors that you are a caring organisation prepared to invest in your local community.

Please contact our Corporate Fundraiser Teresa Wort on 01823 365615 or send an [email](#)
