Payroll Giving

Donating regularly through payroll is one of the most flexible and hassle-free ways for you and your colleagues to engage in charitable giving, allowing you to make regular, tax-efficient donations directly from your gross salary.

Payroll Giving allows any employee or company pensioner who pays PAYE tax to donate direct from source of pay or pension. Your Payroll Giving donation is deducted before tax and is automatically increased by reclaimed tax at no cost to you. It also takes the worry out of remembering to give regularly or setting up a direct debit on your account.

The beauty of Payroll Giving is that everyone benefits: your company, your colleagues and, most importantly, St Margaret's. Your regular, tax-free donations will allow us to plan for the future more effectively and make the very best use of your money.

How can I give?

Please contact your pay department to complete a Payroll Giving Form.
If your company does not offer Payroll Giving and you would like to know how to set up and promote the scheme within your organisation, or you would like to find out more about Payroll Giving, please contact our Fundraising Office at fundraisingoffice@st-margarets-hospice.org.uk, ring us on 0845 345 9671 or complete the short online form below and we will get in touch.
