

Growing Together

As a Sunflower Supporter you will be kept informed of, and be able to support, different parts of the hospice's work. From attending fundraising events to volunteering; there is something for everyone.

Growing together..

You can become a Sunflower Supporter by simply giving us your contact details so that we can keep in touch. We will keep you informed of everything that is happening in your area and also send you a pack of sunflowers seeds for your garden as a reminder of St. Margaret's.

Or, if you would like to consider making a monthly donation from as little as £2 per month to support our work this would be most gratefully received. In return, not only will we keep you informed of events through regular newsletters, but we will also send you a unique Sunflower lapel badge and car sticker alongside other benefits that you can take advantage of.
